Umit ASLAN

Python Developer, Data Scientist, Engineer

I am a passionate and motivated Python developer with a strong foundation in programming principles and a keen interest in building efficient, scalable applications. I have completed several introductory courses and hands-on projects that have equipped me with practical coding skills and problem-solving abilities. I am eager to continue learning and growing in the field of software development, data science and I am looking for opportunities to contribute to innovative projects while enhancing my technical expertise
